Carlson vs AutoCAD Civil 3D

September 2, 2009

This conversation heated up after I made a post to a thread on an Autodesk Discussion Group. Since then we've started a valuable conversation about the strengths and weaknesses of both programs.

My response and the original discussion group thread can be found here: [Carlson Vs 3D](#)

Now, James Wedding of www.civil3d.com fame has started a thread on his website asking his readers to comment on the validity of my post [Why I Chose Carlson Over Civil 3D](#).

James' post is here: [View from the Other Side: Why I Chose Carlson Over Civil 3D](#)

Keep watching this space for updates. I'm interested to see what James' readers have to say and will respond in a week or so.

Update 9/12/2009: I've posted my response to the comments from both www.civil3d.com and the Autodesk Discussion Group
