Carlson 2012 Has Been Released

September 12, 2011
Carlson Software released the 2012 version of their desktop software products today. A complete list of Improvements in 2012 can be found here. The newest version can be downloaded here. Current customers who are eligible for automatic upgrade to 2012 can automatically generate your new 2012 serial number by following this link and providing your current 2011 serial number.

Products released today include Civil Suite, Survey, Civil, Hydrology, GIS, Point Cloud, Construction and Takeoff among others. Only the products for installation with IntelliCAD or on top of your AutoCAD have been released at this time. The versions of Survey and Takeoff with embedded AutoCAD will be released in the next several weeks.

After so many years keeping their prices the same, you will notice that Carlson has slightly increased the prices of Civil Suite, Survey, Civil, Hydrology & GIS. In my opinion

and even with the price increase, Carlson continues to offer the most bang for the buck when compared to other civil/survey/construction packages on the market today.

To find out about purchasing or upgrading, you can visit our new Online Store or our Carlson Pricing & Upgrades page. Or, feel free to call 919.417.8351 or Email Us with questions.
