

That CAD Girl

March, April & May Webinars – Now Posted!

January 28, 2015

I've just updated my list of [Upcoming Webinars](#) for the next few months. There are several new and reconfigured sessions and I've got Mark Long, Carlson's Hydrology expert, on board to show a lot of the design capabilities in Carlson Hydrology in March. Mark's the best and I think you'll get a lot out of his training.

A couple other classes are on the list because you asked for them! They're narrowly focused classes on very specific topics: [Carlson Annotation](#), [Surfaces and Breaklines](#) and [Working with Paper Space, Sheet Set Manager and Creating Custom Title Blocks](#). You'll have ample opportunity to ask questions and start using what you learn right away!

Here's the link to [pre-register](#) and, if you're not [eligible to attend for free](#), here is the link where you can [purchase a year's access to the webinars](#).
