## Carlson Software Product Updates 7/1/2015

July 2, 2015

It's been about a month since Carlson released the latest build of their 2015 desktop products so I figured it was time to post them here for easy access...

[Download 6/9/2015 build here](#) This link takes you to the page where you can download a full version of the software or updates to bring your 2015 up to date.

*Updates to the following desktop modules are included in*

# That CAD Girl

*this file: Survey, Civil, Hydrology, GIS, Basic Mining, Geology, Underground Mining, Surface Mining, Natural Regrade, Field, CADnet, GeoTech, Trench, Construction and Point Clouds. This can be installed on AutoCAD 2007-2015 or with included Intellicad 8.0. AutoCAD 2010-2015 releases are supported on 64-bit Windows. Your Carlson 2015 Serial number is required for installation.*

Carlson 2016 will be released before too long. If you've let your maintenance contract expire (accidentally or on purpose!), now would be a good time to get back on board. If you renew before 2016 is released, it'll be cheaper and you'll receive 2015 now and 2016 when it's released. Win! Win! Win!
