Carlson 2018 (and updated Build) Has Been Released!

October 19, 2017

Carlson Software released the Carlson 2018 version of their desktop software about a month ago but, as I usually do with all new software upgrades, I've waited for the first new Build to come out before jumping into it completely.

You can click here to download the 10/4/2017 Build of 2018 and here to see the list of improvements in 2018. This is the "for CAD" version of the software that includes IntelliCAD 8.2 and can be installed on top of AutoCAD versions 2010-2018.

If you are current on your maintenance plan and Carlson training, you can visit this page and use your 2017 serial number to retrieve your 2018 serial number.

If your maintenance has expired or you're not able to generate your new 2018 serial numbers, please send me an email or request a proposal for your custom pricing.

That CAD Girl

The 2018 version of Survey with embedded AutoCAD (OEM) can be downloaded here.

The 2018/R10 version of Takeoff with embedded AutoCAD (OEM) can be downloaded here.

Click here to download a Carlson training PDF of improvements in Takeoff T10.
