## Carlson 2018 (and updated Build) Has Been Released!

October 19, 2017

Carlson Software released the Carlson 2018 version of their desktop software about a month ago but, as I usually do with all new software upgrades, I've waited for the first new Build to come out before jumping into it completely.

You can click here to [download the 10/4/2017 Build of 2018](#) and here to see the [list of improvements in 2018](#). This is the "for CAD" version of the software that includes IntelliCAD 8.2 and can be installed on top of AutoCAD versions 2010-2018.

If you are current on your maintenance plan and Carlson training, you can [visit this page](#) and use your 2017 serial number to retrieve your 2018 serial number.

If your maintenance has expired or you're not able to generate your new 2018 serial numbers, please [send me an email](#) or [request a proposal](#) for your custom pricing.
