Carlson 2019 Released!

September 26, 2018

<u>Carlson Software</u> released the 2019 version of their desktop software yesterday and it is now <u>available for download here</u>. You can review the <u>list of improvements here</u>.

The following modules are included in this release: Programs of the Carlson <u>Civil Suite</u> 2019 (<u>Survey</u>, <u>Civil</u>, <u>Hydrology</u>, <u>GIS</u>), Basic Mining, Geology, Underground Mining, Surface Mining, Natural Regrade, Field, programs of <u>Takeoff Suite</u> (<u>CADnet</u>, <u>GeoTech</u>, <u>Trench</u>, <u>Construction</u>) and <u>Point Clouds</u>. The program can be installed on AutoCAD 2010-2019 or with included Intellicad 9.0 and will run on 32- or 64-bit Windows

That CAD Girl

10, Windows 8, Windows 7 and Vista Professional operating systems.

A Carlson 2019 Serial number is required for installation and users with an active maintenance agreement can <u>look up your upgraded serial number here</u>. (NOTE: Installing Carlson Civil Suite 2019 with your upgrade serial number will cause your old version to become inactive in approximately 60 days)

If you're not a current Carlson user or would prefer to use a 30 day trial serial number, <u>please click here to submit your request</u>.

If your maintenance has expired or you're not able to generate your new 2019 serial numbers, please <u>send me an email</u> or <u>request a proposal</u> for your custom pricing.
