Carlson Software 2022 has been released!

December 30, 2021

It's a little late but [Carlson Software](#) made a “soft release” of the [2022 version of their desktop products](#) earlier this morning – Thursday 12/30/2021. A “soft release” is basically a release without the balloons and streamers!

The Carlson products released today include an embedded copy of IntelliCAD 10.0a and 10.1a and can also run on top of your separately purchased license of AutoCAD 2017-2022. Carlson

That CAD Girl

Survey and Takeoff 2022 with embedded AutoCAD (OEM) are expected to be released within the next few weeks and an update will be posted at the top of this blog post.

If you've purchased Survey or Takeoff OEM 2021 as part of our [year end specials](#), **you'll get a free upgrade to 2022 when it's released.** [Email me](#) if you have questions about this!

If you are currently running Carlson and have an active maintenance contract, **you are eligible for a free upgrade to Carlson Software 2022.** You will need your 2021 serial number and can [use this Lookup screen to find your 2022 serial number](#).

If you're a past customer of That CAD Girl, you may be able to find your Carlson Customer ID, serial numbers and maintenance reports on our new customer portal. [You can access your portal by clicking here and entering your email address](#). If you haven't been granted Admin privileges by your company's primary point of contact, you may have limited access.
