2022 Virtual Workshop Registration Discount!

November 21, 2022

Although we've already completed 2 of our 6-days of workshops, we've continued to get calls and requests to register for the remaining days.

It's true that "the best is yet to come" but, in the spirit of [Thanksgiving, Black Friday and end-of-year specials](#), we've decided to reduce the cost of the [registration to \\$99 for the remaining sessions](#).

Coming up Tuesday Nov 29th, we are putting the sales, support and development teams from Carlson Software in the hot seat to answer your questions! You won't want to miss this!

That CAD Girl

Currently scheduled: Bruce Carlson, Leonid Entov, Scott Griffin, Butch Herter, Mark Long, Doug Aaberg, Sara Winter, Shan Lu, Lon Watson, John Gerber and more!

On the Agenda... Fast Track to CAD

November 21, 2022

I'm just finishing up the agenda for the first day of our [2022 Virtual Workshops](https://www.thatcadgirl.com/workshops) – and I couldn't wait to share! On Tuesday 11/15 we'll have 6 hours together for an **Introduction**

That CAD Girl

to CAD. I guess I'm well on my way to developing a "series" of these *Fast Track to...* sessions.

Whether you're using AutoCAD or IntelliCAD, I think this is going to be a very helpful training session because it's scheduled with plenty of time to dig into some of the necessities for beginners. And, although this is a lead-in to **Introduction to Carlson Software** next week, this is SIMPLY CAD STUFF and will be perfect for beginners!

Here's a bullet list:

- Drawing Environment and Settings
- Basic Draw Commands
- Basic Edit Commands
- Layers, linetypes and lineweights
- Linetype Scales
- Blocks and External References
- Model and Paper Space
- Drawing Templates
- National CAD Standards

If you think this lesson plan would help you or co-workers out, there's still time to register... only \$199 for 6 days of

That CAD Girl

training, and you can pick and choose which session(s) you'd like to attend!

Overview of Carlson CADNet webinar – Working with Images & Converting to Linework

November 21, 2022

One of [Carlson's Year-End Specials](#) this year is for existing Carlson users to add Carlson CADNet for \$995 – the retail price is \$1,595 and maintenance is an additional \$159.50. (Hint: I provide additional discounts for existing and new customers!)

Understandably this has generated a lot of renewed interest in this module. I have received a lot of calls and emails

That CAD Girl

from folks requesting more information and wondering if, and how, CADNet might increase your productivity. So, in response, I've decided to post the recording of my October 8, 2015 webinar on the topic, "Overview of Carlson CADNet – Working with Images & Converting to Linework".

[Click here to request a custom proposal](#) for adding CADNet to your existing license, for a new "Super-Sweet-Suite" that includes Survey, Civil, Hydrology, GIS AND CADNet or other Carlson software or hardware products.

[Click here to request a custom proposal](#).

[Click here to learn more about my webinar series](#) that's included with every software purchase – We help you buy what you need AND use what you buy...

See below for access to the CADNet webinar recording:

That CAD Girl

It's been a fun (and busy!) few weeks...

November 21, 2022

Thanks to everyone who attended our workshops in Statesville & Hendersonville this month! We were pretty much busting the seams of our event space in Hendersonville and we'll be better prepared for the crowd next year. I think it's safe to say we'll be back for a full day.

Here are a few snapshots of me and "the crew" who helped create this 3-ring circus.

From left: Jeremy Taylor, aka "That CAD Guy"; Mark Long, Civil & Hydrology Training and Support for Carlson Software; me; Scott Griffin, National Civil Sales Director for Carlson Software; Butch Herter, Director of Hardware for Carlson Software and Mike Jones, Inside Sales Support for Carlson Software.

That CAD Girl

Pardon the smirks – a crude comment was made instead of just saying “Cheese!”

Yeah, this is a little more honest.
I think we were at the end... of the day.

That CAD Girl

Tuesday in Statesville

That CAD Girl

Tiny bit of false advertising.

This is Jeremy, That CAD Guy, explaining the ins-and-outs of Traverse Adjustment in Carlson Survey.

Feel like you missed out? There's still time to register for our encore presentations in Raleigh in mid-December. [Click here to find out more](#)
