Is IntelliCAD more like AutoCAD or AutoCAD LT?

July 9, 2015

I believe you will find the functionality of IntelliCAD to be MUCH closer to that found in full-versions of AutoCAD than to AutoCAD LT or even the embedded AutoCAD (OEM) programs that Carlson offers.

Now, you also shouldn't expect IntelliCAD to be the equivalent of today's AutoCAD. IntelliCAD is a generic version of AutoCAD and will have the feel of an older "model" of AutoCAD and be missing some of the bells and whistles included in newer releases of AutoCAD.

But, it's more customizable, supports LISP routines and 3D drafting.

Follow these links to see my FAQs that explain the differences between AutoCAD, Carlson's IntelliCAD and the embedded AutoCAD (OEM) platforms.
