Features and Benefits of GIS 2017

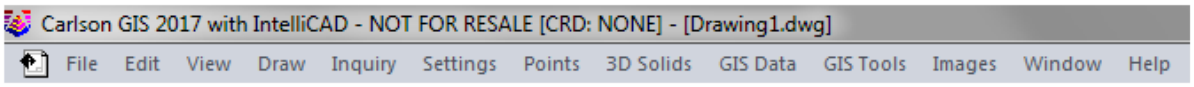

Here are some of the things you can do with **Carlson GIS**:

- Take advantage of the Carlson/Esri® partnership with these and other CAD software commands:
    - Import/Export Esri SHP files
    - Export DWG file with Esri MSC data
    - Export Esri Projection file
- Import and Export GIS Data between **Carlson GIS** and Carlson SurvCE
- Work with many image formats including:
    - Geo-referenced images
    - Google Earth images
    - CAD software images
    - MrSID images
- Convert GIS data to and from AutoCAD Map
- Query and Report GIS generated entities
- Hatch & Label GIS generated polylines
- Create, Audit and Erase links to GIS database
- Define Note file prompts for data collection
