What you should know about purchasing Carlson Software

July 9, 2015

Quick Links	
Platform Options	Competitive Upgrades
Carlson Retail Pricing	System Requirements
Annual Maintenance	30 Day Trials
Carlson Upgrades	Technical Support and Training

JTNDYSUyMG5hbWUlM0QlMjJwbGF0Zm9ybSUyMiUzRSUzQyUyRmElM0U=**IntelliCAD/for CAD**

Carlson Software's desktop programs can be installed as a standalone program on top of IntelliCAD or on top of your separately purchased, full-AutoCAD-based program.

Carlson includes the latest version of IntelliCAD with every purchase.

The full-AutoCAD-based program can be AutoCAD, AutoCAD Map, Land Desktop, Civil 3D or other vertical – but does NOT include AutoCAD LT.

Embedded AutoCAD (OEM)

Carlson Survey and Takeoff can also be purchased and installed standalone with embedded AutoCAD (also known as the OEM version).

The embedded AutoCAD (OEM) programs include a limited, stripped-down version of AutoCAD that has functionality similar to AutoCAD LT.

The embedded AutoCAD (OEM) programs do not include IntelliCAD and do not require a separate purchase of AutoCAD.

The embedded AutoCAD (OEM) programs are a completely separate

install than the programs that run with IntelliCAD or separately purchased license of full-AutoCAD and, although both programs can be installed on the same computer, the programs cannot be “combined”. For instance, if you own a license Survey OEM and also a license of Carlson GIS with IntelliCAD and need to access commands in both programs for work on a single drawing (.dwg) file, you would have to close the drawing out of the Survey OEM and then open it in the GIS program to do the work there.

Refer to our Buying Guide FAQs for pros and cons and more information about the different platforms.JTNDYSUyMG5hbWUlM0QlMjJyZXRhaWxwcmljaW5nJTIyJTNFJTNDJTJGYSUzRQ==*Current as of October 2019*

Every new license

includes 90 days of maintenance for free. This ensures that, if a new version is released within 90 days of your purchase, you will automatically receive the newest version of the software.

If it is renewed prior to expiration, maintenance costs 10% of the retail price of the software. See Upgrading Carlson Software below for more information about renewals after maintenance has expired.

Carlson's Annual Maintenance is NOT available for embedded AutoCAD (OEM) products, for SurvCE or for SurvPC. It is only available for IntelliCAD/for CAD-based products.

Carlson's policy on Software Maintenance can be viewed by clicking here.

JTNDYSUyMG5hbWUlM0QlMjJ1cGdyYWRlcyUyMiUzRSUzQyUyRmElM0U=**Upgrading IntelliCAD/for CAD Products**

Upgrading Carlson’s non-OEM desktop products is done through the Maintenance Plan.

If it is renewed prior to expiration, maintenance costs 10% of the retail price of the software. If Maintenance is not renewed prior to expiration, a 1-year Maintenance Plan costs 15% of software list price and increases by 5% per year after the expiration date.

If your license is not currently on maintenance, you can pay the maintenance fee plus an expiration fee which will both upgrade you to the current version of the program AND include any upgrades that are released within the maintenance year.

That CAD Girl

Maintenance Status	Annual Maintenance (Percentage of Retail)	Expiration Fee (Percentage of Retail)	Total Fee (Percentage of Retail)
Current	10%	0	10%
1 year behind	10%	10%	15%
2 years behind	10%	20%	20%
3 years behind	10%	30%	25%
4 or more years behind	10%	40%	50%

Program	# of Years Expired	Retail Price	Total Fee (Percentage of Retail)	Total Fee to Upgrade and/or Renew Maintenance for 1 Year
Survey	0 maintenance is current	$ 1,850	10%	$ 185.00

That CAD Girl

Program	# of Years Expired	Retail Price	Total Fee (Percentage of Retail)	Total Fee to Upgrade and/or Renew Maintenance for 1 Year
