Christmas comes early… Carlson just announced their year-end specials!

October 29, 2015

Well, it ***says*** November 1st but I just received an email that they've launched this promotion today to coincide with a magazine advertisement! I know a lot of you have been waiting for this promotion and it's finally here.

For a limited time I'm also offering a special "build-your-own-suite" package that will allow you to choose any 4 of these programs to create the bundle that works best for you: Survey, Civil, Hydrology, GIS, CADNet, Trench or GeoTech.

You can request a custom proposal if you're interested in the "build-your-own-suite" or visit my online store here to purchase the standard Civil Suite and maintenance.

Remember, all purchases through That CAD Girl make you and your co-workers eligible for a year of our live, interactive webinars (see list of upcoming topics here) so you won't simply be left on your own to learn a new software. Documentation of attendance will be provided so you may also receive PDH credit from your licensing agency.

Special Financing Offer Thru 8/31/2015

October 29, 2015
That CAD Girl is working with Carlson Software and Advance Acceptance to offer special, low rate financing through 8/31/2015.

Rates of 0%, 1.99% and 2.99% are available for new software purchases and for Carlson BRx5 GNSS Receivers. Minimum purchase is $5000.

A few other details apply – call or email to find out more or click here to download the promotional brochure.

Thank You!

October 29, 2015

As 2013 wraps up I'd like to offer a sincere 'Thank You' to all of my customers for your business. I've had a lot of repeats from previous years but I've also added more new customers in 2013 than I did in 2012 – that's one thing I look at to determine whether my year has been better than the one before.

Another number that may be surprising is that almost 90% of my software sales so far in 2013 have been to companies who purchased only 1 or 2 seats of software through the year. As much as I love selling a bunch of seats to one customer, I know that larger organizations typically have a larger support system around them. I'm happy I can help out so many of the "little guys".

The economy has been tough on everyone the past several years but it's been particularly brutal to those in the land surveying, civil engineering and construction fields. For good or for bad, we've all had to figure out just how efficient we can be and how we can get as much work done by

as few people as possible and for the least number of dollars.

I hope I've been able to help in some way by extending software discounts where possible and training your staff to help your company get the most out of your software investment.

I wish everyone a safe, happy and prosperous 2014!

We're Now On Facebook

October 29, 2015
Or maybe I should say, "We're now on Facebook… again"! Kudos to those few people who stumbled onto the Facebook account I played around with and forgot to delete months ago, but a new That CAD Girl Facebook page has now been launched.

I plan to use Facebook as the primary method of keeping everyone up to date on the latest events & training classes and news about Carlson and Autodesk software releases. Hope to see you there!
